

DETERMINED. PERSISTENT. SPIRITED.
WE STAND UNWAVERING IN OUR BELIEFS
FOR ACCOUNTABILITY, THE LAW, AND
JUSTICE. *TODAY MORE THAN EVER.*

“

Justice should be the same, in substance and availability, without regard to economic status.

SINCE 1969...

Law Students in Court has made “equal justice under law” a reality for thousands of individuals and families in the District of Columbia. Our steady presence in the courts—and throughout the community—serves as a vital check on a system that favors people with counsel and resources over those without.

With your support, we can provide the highest quality legal representation to the District’s low-income residents while training and inspiring the next generation of social justice advocates to carry the torch of justice.
